2. The Video Call screen

When you click Join Video Appointments the video call screen will be displayed. You may at this point be asked if you wish to allow access to your camera/microphone, in which case please click yes.

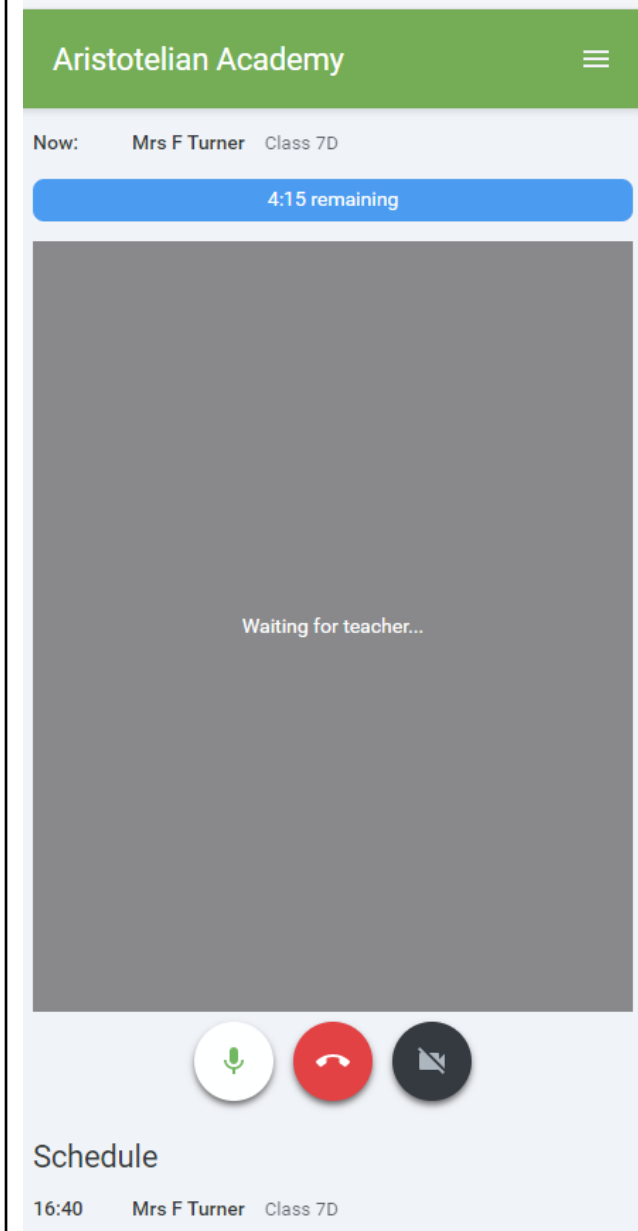

On this screen you can see the following:

At the top left the teacher name (and subject details) for the current and next appointment

At the top right a countdown to the start of the appointment.

At the bottom the controls for the microphone and camera (once a teacher is available or you are in a call these also show a pick up and hang up button).

In the middle, when your appointment is due to start, the Start Appointment button.

3. Making a call

Click the Start Appointment button. You will see yourself in the bottom right corner of the screen (unless you have no camera, or have chosen to turn it off). If the teacher has not yet joined you will see a notice to that effect in the centre of the screen.

When a teacher joins a call you will see them in the main part of the screen - or hear them, if they have no camera (or have turned it off) - and can start your discussion with them.

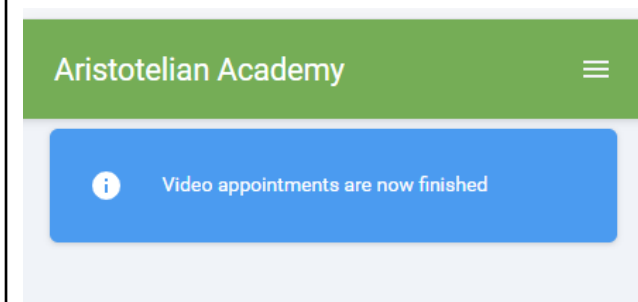

You will also see the remaining time for the appointment counting down in the blue bar at the top of the screen.

If you lose access to the system for some reason during the call, log in again and click Start Appointment on the video call screen. As long as the teacher is still in the call this will let you continue with the appointment (this is the same for the teacher if they lose their access).

When the countdown in the blue bar stops the appointment time is over and the call will automatically end.

Note that if you or the teacher are late, or leave and rejoin the call, it does not reset the timer.

The appointment will always end at the scheduled time.

If you do not have a consecutive appointment, but you have not completed your final scheduled appointment you will see a countdown telling you how long until the start of your next appointment.

Once your final appointment for the evening is complete you will see a message advising you of this.
