1. Introduction

The purpose of this manual is to ensure that the academy maintains and develops systems of financial control which conform to the requirements both of propriety and of good financial management. It is essential that these systems operate properly to meet the requirements of our funding agreement with the Department for Education and Skills (DfE).

The academy must comply with the principles of financial control outlined in the academies guidance published by the DfE. This manual expands on that and provides detailed information on the academy's accounting procedures and the manual should be read by all staff involved with financial systems.

In July 2014 the Academy formed a fully owned trading subsidiary – WA Community Enterprises. All rules and regulations contained within this manual also fully apply to the management of the finances of the trading subsidiary. All non-educational income including from lettings and external catering will be managed by the trading subsidiary.

The academy financial year runs from 1st September to 31st August, and DfE grants are allocated to cover this entire period.

2. Organisation

The academy has defined the responsibilities of each person involved in the administration of academy finances to provide a framework of accountability for governors and staff.

Staff undertaking financial tasks must ensure there is adequate division of duties. This ensures that one person is not solely responsible for any given function and helps protect against possible error/fraud. In the academy all transactions must be traceable through the system from start to finish.

The Governing Body

The governing body has overall responsibility for the administration of the academy's finances. The main responsibilities of the governing body are prescribed in the Funding Agreement between the academy and the DfE. The main responsibilities include:

- ensuring that any grant received from the DfE is used only for the purposes intended;
- approval of the annual budget;
- appointment of the Principal;
- appointment of the Assistant Principal (Business), in conjunction with the Principal; and
- appointment of a Responsible Officer

The Business Committee

The Business Committee is a committee of the governing body. The Business Committee meets at least twice a term but more frequent meetings can be arranged if necessary.

The main responsibilities of the Business Committee are detailed in written terms of reference which have been authorised by the governing body. The main responsibilities include:

- the initial review and authorisation of the annual budget;
- the regular monitoring of actual expenditure and income against budget;
- ensuring the annual accounts are produced in accordance with the requirements of the Companies Act 2006 and the DfE guidance issued to academies;
- authorising the award of contracts over £25,000;
- authorising all expenditure over and above agreed expenditure in the annual budget
- authorising changes to the academy staffing budget; and
- reviewing the reports of the Responsible Officer on the effectiveness of the financial procedures and controls. These reports must also be reported to the full governing body.
- to review the trading activities of WA Community Enterprises

The Principal

Within the framework of the academy development plan as approved by the governing body the Principal has overall executive responsibility for the academy's activities including financial activities. Much of the financial responsibility has been delegated to the Assistant Principal (Business) but the Principal still retains responsibility for:

- approving new staff appointments within the authorised staffing budget, except for any senior staff posts which the governing body have agreed should be approved by them;
- authorising contracts between £5,000 and £9,999 in conjunction with the Assistant Principal (Business); and
- signing cheques or authorising BACS payments in conjunction with the Assistant Principal (Business) or other authorised signatory.

The Assistant Principal (Business)

The Assistant Principal (Business) works in close collaboration with the Principal through whom he is responsible to the governors. The Assistant Principal (Business) also has direct access to the governors via the Business Committee. The main responsibilities of the Assistant Principal (Business) are:

- the day to day management of financial issues including the establishment and operation of a suitable accounting system;
- the management of the academy financial position at a strategic and operational level within the framework for financial control determined by the governing body;
- the maintenance of effective systems of internal control;
- ensuring that the annual accounts are properly presented and adequately supported by the underlying records of the academy;
- the preparation of regular reports to the governing body;
- authorising orders below £5,000 in conjunction with budget
- signing cheques or authorising BACS payments in conjunction with the Principal or other authorised signatory; and
- ensuring forms and returns are sent to the DfE in line with the timetable in the DfE guidance.

The Responsible Officer

The Responsible Officer (RO) is appointed by the governing body and provides governors with an independent oversight of the academy's financial affairs. The main duties of the RO are to provide the governing body with independent assurance that:

- the financial responsibilities of the governing body are being properly discharged;
- resources are being managed in an efficient, economical and effective manner;
- sound systems of internal financial control are being maintained; and
- financial considerations are fully taken into account in reaching decisions.

The Responsible Officer will undertake a termly programme of reviews to ensure that financial transactions have been properly processed and that controls are operating as laid down by the governing body. A report of the findings will be presented to the Business Committee.

Other Staff

Other members of staff, primarily the Finance Officer, the Finance Assistants and budget holders, will have some financial responsibilities and these are detailed in the following sections of this manual. All staff are responsible for the security of academy property, for avoiding loss or damage, for ensuring economy and efficiency in the use of resources and for conformity with the requirements of the academy's financial procedures.

Register of Interests

It is important for anyone involved in spending public money to demonstrate that they do not benefit personally from the decisions they make. To avoid any misunderstanding that might arise all academy governors and staff with significant financial or spending powers are required to declare any financial interests they have in companies or individuals from whom the academy may purchase goods or services. The register is open to public inspection.

The register should include all business interests such as directorships, share holdings or other appointments of influence within a business or organisation which may have dealings with the academy. The disclosures should also include business interests of relatives such as a parent or spouse or business partner where influence could be exerted over a governor or a member of staff by that person.

The register will be maintained and updated by the Company Secretary. The register will be published on the school website.

The existence of a register of business interests does not, of course, detract from the duties of governors and staff to declare interests whenever they are relevant to matters being discussed by the governing body or a committee. Where an interest has been declared, governors and staff should not attend that part of any

committee or other meeting.

3. Accounting system

All the financial transactions of the academy must be recorded on the SIMS FMS accounting system. All transactions relating to the Academy's unofficial funds must be recorded on the Tucasi Cash Office system.

Entry to the accounting system is password restricted. Access to the component parts of the SIMS FMS system can also be restricted and the Assistant Principal (Business) is responsible for setting access levels for all members of staff using the system.

The Assistant Principal (Business) is responsible for ensuring that there are effective back up procedures for the system. Backups for all administrative and financial data are made daily and are kept in separate buildings to the servers.

All transactions input to the accounting system must be authorised in accordance with the procedures specified in this manual.

The Finance Officer is responsible for carrying out monthly reconciliation between SIMS FMS and bank statements. Any unusual or long outstanding reconciling items must be brought to the attention of the Assistant Principal (Business). The Assistant Principal (Business) will review and sign all reconciliations as evidence of his review.

4. Financial and Development planning

The academy prepares an annual development plan. The development plan provides the framework for the annual budget. The budget is a detailed statement of the expected resources available to the academy and the planned use of those resources for the following year.

Development Plan

The completed development plan will include detailed objectives for the coming academic year and outline objectives for the following two years. The plan should also include the estimated resource costs, both capital and revenue, associated with each objective and success criteria against which achievement can be measured.

The senior management team will monitor progress against the development plan and report to the governing body if there is a significant divergence from the agreed plan and will recommend an appropriate course of action.

Annual Budget

The Assistant Principal (Business) is responsible for preparing and obtaining approval for the annual budget. The budget must be approved by the Principal, Business Committee and the governing body.

The approved budget must be submitted to the EFA by 31 July each year and the Assistant Principal (Business) is responsible for establishing a timetable which allows sufficient time for the approval process and ensures that the submission date is met.

The annual budget will reflect the best estimate of the resources available to the academy for the forthcoming year and will detail how those resources are to be utilised. There should be a clear link between the development plan objectives and the budgeted utilisation of resources.

Monitoring and Review

Budget monitoring reports will be prepared by the Assistant Principal (Business) twice a term to coincide with Business Committee meetings. The reports will detail actual income and expenditure against budget both for budget holders and at a summary level for the Principal and the Business Committee.

Any potential overspend against the budget must in the first instance be discussed with the Assistant Principal (Business) before an order is placed. The accounting system will not allow payments to be made against an overspent budget without the approval of the Assistant Principal (Business).

The monitoring process should be effective and timely in highlighting variances in the budget so that differences can be investigated and action taken where appropriate. If a budget overspend is forecast it may be appropriate to vire money from another budget or from the contingency. All Budget virements must be notified to the Business Committee. Any virement over £5000 must be authorised in advance by the Business Committee.

5. Payroll

Staff Appointments

The governing body has approved a staffing budget for the academy. Changes can only be made to this budget with the express approval in the first instance of the Business Committee who must ensure that adequate budgetary provision exists for any staffing changes.

The Principal has authority to appoint staff within the authorised budget except for members of the Senior Leadership Team whose appointments must follow consultation with the governors. The Principal maintains personnel files for all members of staff which include contracts of employment. All personnel changes must be notified, in writing, to the Assistant Principal (Business) immediately.

Payroll Administration

The academy payroll is administered by Somerset Local Authority on the STAR payroll system. All staff are paid monthly by BACS transfer.

New starter and payroll amendment forms must be completed by the Finance Officer, authorised by the

Assistant Principal (Business) or the Principal, and submitted to the LA by the payroll deadline.

A payroll print out is received from the Local Authority in advance of payment. The Local Authority calculates the deductions due from payroll to comply with current legislation. The major deductions are for PAYE tax, National Insurance contributions and pensions. The amounts payable are summarised on the gross to net pay print out. This is checked by the Finance Officer and signed by the Assistant Principal (Business) to authorise payment.

After the payroll has been processed the nominal ledger will be updated. Postings will be made both to the payroll control account and to individual cost centres. The Finance Officer should review the payroll control account each month to ensure the correct amount has been posted from the payroll system, individual cost centres have been correctly updated and to identify any amounts posted to the suspense account.

6. Purchasing

All purchasing by the academy should be governed by the principles of Best Value.

To ensure division of duties the following system for purchasing should be followed:

- (1) Individual staff prepare orders on School order forms.
- (2) Budget Holder signs this Proforma.
- (3) Finance Assistant prepares orders on SIMS-FMS.
- (4) Finance Officer signs official order to go to supplier.
- (5) Goods received and checked – delivery note signed by budget holder.
- (6) Budget Holder signs invoice for processing.
- (7) Finance Assistant prepares invoices on SIMS-FMS for payment.
- (8) Cheques prepared and signed by two signatories.

Routine Purchasing

Budget holders will be informed of the budget available to them at the start of the academic year. It is the responsibility of the budget holder to manage the budget and to ensure that the funds available are not overspent. A print out detailing actual expenditure against budget will be supplied to each budget holder on a regular basis and budget holders are encouraged to keep their own records of orders placed but not paid for.

Routine purchases up to £1,000 can be ordered by budget holders, but this should not be done directly with the supplier. In the first instance a supplier should be chosen from the approved suppliers list held by the Finance Office. A quote or price must always be obtained before any order is placed. If the budget holder considers that better value for money can be obtained by ordering from a supplier who is not approved the reasons for this decision must be discussed and agreed with the Assistant Principal (Business).

All orders must be made, or confirmed, in writing using an official order form, stocks of which are held in the Finance Office. Orders must bear the signature of the budget holder and must be forwarded to the Finance Office who will check adequate budgetary provision exists. The Finance Assistant will raise any concerns with the Assistant Principal (Business) who will discuss the matter with the budget holder. The Finance Office will place the official order with the supplier.

Approved orders will be allocated a unique reference number and entered onto SIMS FMS and the order despatched to the supplier.

On receipt of the goods the budget holder must undertake a detailed check of the goods received against the goods received note (GRN) and make a record of any discrepancies between the goods delivered and the GRN. Discrepancies must be reported to the Finance Office without delay and they will contact the supplier. If any goods are rejected or returned to the supplier because they are not as ordered or are of sub-standard quality, the Finance Office should be notified.

On receipt of an invoice checks will be made, including agreement to GRN details, to ensure it is correct. All invoices should be signed by the budget holder within 7 days of receipt to authorise payment and sent to the Finance Office. If a budget holder is pursuing a query with a supplier the Finance Office must be informed of the query and periodically kept up to date with progress.

On receipt of the signed invoice the Finance Assistant will input details of payments to be made on to SIMS FMS and generate the cheques or BACS payments required. The cheques or BACS payments must be presented to the person responsible for authorising the payment together with associated paperwork and must be signed by two of the nominated signatories.

Orders over £1,000 but less than £25,000

At least three written quotations should be obtained for all orders between £1,000 and £25,000 where approved competing suppliers exist. Written details of quotations obtained should be prepared and retained by budget holders for audit purposes. Telephone quotes are acceptable if these are evidenced and faxed confirmation of quotes has been received before a purchase decision is made. Email quotes are acceptable.

Budget holders and the Finance Team should keep suppliers and prices under review, including seeking new suppliers where appropriate.

Orders over £25,000

All goods/services ordered with a value over £25,000, must be subject to formal tendering procedures. This will normally be a restricted tender process where a formal tender document requiring formal response is issued to a number of recognised suppliers.

A minimum of three valid tenders would normally be required.

For very significant contracts the Governing Body should be aware that EU procurement law may apply and they are advised to seek independent advice.

7. Income

The main sources of income for the academy are the grants from the DfE. The receipt of these sums is monitored directly by the Assistant Principal (Business) who is responsible for ensuring that all grants due to the academy are collected.

The academy also obtains income from:

- Parents and students, for uniform, trips, resources and school events; and
- the public, mainly for hire of the buildings.

Parents and students

Parents and students can pay in person by cash or cheque, or over the internet using WorldPay.

All cash and cheque payment must be made directly to the Finance Office where a receipt will be issued. All transactions will be recorded on the Tucasi Cash Office system including the purpose of the payment to ensure the correct VAT treatment.

Internet payments will be reconciled with bank statements and checked by the Finance Assistant.

Charges to parents and students should not be designed to generate profit but set “at cost” with a small and appropriate admin charge. The charging policy of the Governing Body should be reviewed annually and is attached as appendix A to this manual.

General public

Booking of academy facilities will be the responsibility of the Finance Officer. The Governors will review annually charges for the academy premises (Appendix B). Hirers will be sent a booking form with terms and conditions (Appendix C) followed by an invoice. Particular care will be taken as to the VAT status of the hire of the premises.

All cash and cheques received must be kept in the Finance Office safe prior to banking. Banking should take place every week or more frequently if the sums collected exceed the £2,000 insurance limit on the Finance Office safe.

Monies collected must be banked in their entirety in the appropriate bank account. The Finance Assistant is responsible for preparing reconciliations between the sums collected, the sums deposited at the bank and the sums posted to the accounting system. The reconciliations must be prepared promptly after each banking and must be reviewed and certified by the Finance Officer.

VAT

The academy has no plans to register for VAT as the Business income is likely to be significantly below the *de minimis* level. It is the responsibility of the Assistant Principal (Business) to keep this under review and monitor levels of business income.

As a non registered academy no VAT is added to any income, and VAT cannot be claimed on the cost of any business activity. However under the 2011 Finance Bill VAT can be reclaimed on the cost of non business activity which will constitute the majority of the academies activity.

The correct classification of VAT is complex and separate VAT guidance exists for academies. Where any doubt exists independent advice will be sought from the LA Finance Team or the Academy’s appointed

accountants.

VAT claims for non business activity will be submitted on a monthly basis by the Finance Officer.

Debtors

The academy will operate a robust approach to debt collection. Debtors will receive the following:

- 1) An original invoice;
- 2) On non payment after 30 days – a copy invoice asking for payment within 7 days;
- 3) Telephone contact after 40 days;
- 4) A final warning letter from the Assistant Principal (Business) threatening legal action after 50 days.

If a debt relates to an existing student the academy reserves the right to withhold other chargeable events or the issue of exam certificates. Every attempt will be made to agree a series of staged payments by the debtor.

Legal action will be an absolute last resort and will be on a case by case basis given the circumstances and the size of the debt. Any decision to proceed will be a decision for the Business Committee.

Write of debts under £100 will be at the discretion of the Assistant Principal (Business). Debts of over £100 will be referred to the Business Committee for decision over what action should be taken.

8. Cash Management

Bank Accounts

The opening of all accounts must be authorised by the governing body who must agree the arrangements covering the operation of accounts, including any transfers between accounts and cheque signing arrangements. The operation of systems such as Bankers Automatic Clearing System (BACS) and other means of electronic transfer of funds must also be subject to the same level of control.

Deposits

Particulars of any deposit must be entered on a copy paying-in slip, counterfoil or listed in a supporting book. The details should include:

- the amount of the deposit; and
- a reference, such as the number of the receipt or the name of the debtor.

Payments and withdrawals

All cheques and other instruments authorising withdrawal from academy bank accounts (BACS) must bear the signatures of two of the following authorised signatories:

- Principal;
- Assistant Principal (Business);
- Deputy Principal; and

- Finance Officer

This provision applies to all accounts operated by or on behalf of the governing body of the academy.

No overdraft facility or other change to the operation of the bank accounts can be made without a resolution by the Governors of the Academy.

BACS payments will be made in batches on a weekly basis. Once created for payment by the Finance Assistant the batch will be un-editable. Copies of the signed invoices and batch details will be provided to the authorisers. Authorisation will occur via electronic login to the bank's secure site and personal card verification including a 12 figure PIN by two of the authorised signatories.

The Assistant Principal (Business) must ensure bank statements are received regularly and that reconciliations are performed at least on a monthly basis by the Finance Officer. Monthly reconciliations will be checked and signed off by the Assistant Principal (Business).

Credit Card

The school has two credit cards on a Lloyds TSB account. The cards are in the name of the holder, currently Annette Swaine, Finance Officer (limited to £11000) and Sarah Harding, D&T technician (limited to £500). The cards are protected by a PIN number known only to the cardholder.

The cards are for online purchases where the supplier will not take an order number.

Receipts are kept for transactions where no order is available, such as food purchases at local supermarkets, and these are signed by the budget holder. Online orders must be accompanied with a valid invoice/receipt. These are reconciled against the monthly statement, firstly by the Finance Officer and then checked by the Assistant Principal (Business). Any discrepancies would be investigated by the Assistant Principal.

Cards that are lost or stolen must be reported to Lloyds TSB immediately and the Assistant Principal informed.

Where a cardholder leaves employment of Westfield Academy the Assistant Principal (Business) is responsible for retrieving and destroying the card and informing Lloyds TSB.

Petty Cash Accounts

The academy maintains a petty cash balance of £500. The cash is administered by the Finance Assistant and is kept in the Finance office safe.

The only deposits to petty cash should be from cheques cashed specifically for the purpose. The receipt should be recorded in the petty cash system with the date, amount and a reference, normally the cheque number, relating to the payment. All other cash receipts for whatever reason should be paid directly into the bank.

In the interests of security, petty cash payments will normally be limited to £30. Higher value payments should be made by cheque directly from the main bank account as a cash book payment. All claims for petty cash must be supported by a receipt.

The Finance Assistant is responsible for entering all transactions into the petty cash records on SIMS FMS on a regular basis and regular cash counts should be undertaken by the Finance Officer to ensure that the cash balance reconciles to supporting documentation.

Petty cash should be held in a locking cash box which is put in the safe overnight.

Cash Flow Forecasts

The Assistant Principal (Business) is responsible for preparing cash flow forecasts to ensure that the academy has sufficient funds available to pay for day to day operations. If significant balances can be foreseen, steps should be taken to invest the extra funds.

Investments

The Business Committee should agree all investment of surplus academy funds and the principles are laid out in Appendix D. Any investment must seek to retain full security for the money whilst looking for the maximum return.

9. Fixed assets

Assets

The Governing Body agrees a capitalisation limit of £1000. At the opening of the academy the Governing Body agreed an asset value and straight line depreciation rate for:

- | | |
|----------------------------------|----------------------------|
| • Buildings | 25 years or 0.8% per annum |
| • IT equipment | 4 years or 25% per annum |
| • Vehicles | 6 years or 16% per annum |
| • Office and Classroom furniture | 10 years or 10% per annum |

The asset values will form part of the opening balance of the academy. All subsequent transactions above capitalisation limit will be added to the value of the assets and must be entered on an Asset Register.

The Asset Register helps:

- ensure that staff take responsibility for the safe custody of assets;
- enable independent checks on the safe custody of assets, as a deterrent against theft or misuse;
- to manage the effective utilisation of assets and to plan for their replacement;
- help the external auditors to draw conclusions on the annual accounts and the academy's financial system; and
- support insurance claims in the event of fire, theft, vandalism or other disasters.

Disposals

Items which are to be disposed of by sale or destruction must be authorised for disposal by the Assistant Principal (Business) and, where significant, should be sold following competitive tender.

The academy must seek the approval of the DfE in writing if it proposes to dispose of an asset for which capital grant in excess of £20,000 was paid.

Disposal of equipment to staff is not encouraged, as it may be more difficult to evidence the academy obtained value for money in any sale or scrapping of equipment. In addition, there are complications with the disposal of computer equipment, as the academy would need to ensure licences for software programmes have been legally transferred to a new owner. In addition any disposal at below market value might incur tax and NI liabilities for the employee and the academy.

The academy is expected to reinvest the proceeds from all asset sales for which capital grant was paid in other academy assets. If the sale proceeds are not reinvested then the academy must repay to the DfE a proportion of the sale proceeds.

All disposals of land must be agreed in advance with the Secretary of State.

Loan of Assets

Items of academy property must not be removed from academy premises without the authority of the Head of Department

If assets are on loan for extended periods or to a single member of staff on a regular basis the situation may give rise to a 'benefit-in-kind' for taxation purposes. Loans should therefore be kept under review and any potential benefits discussed with the academy's auditors.

10. Gifts and Hospitality

All employees and Governors/Trustees must declare all gifts or hospitality made to them, regardless of value. All offers must be declared regardless of whether accepted or declined. Declarations must be recorded in the Academy's Gift and Hospitality Register.

It is the individual's responsibility to ensure they are not put in a position that risks, or appears to risk compromising their role as an employee of the Academy. In exercising judgement as to whether to accept a gift or hospitality the question should be asked what public perception would be if the information was published given the employees role and circumstances.

Employees/Governors may retain all gifts valued at £40.00 or under. For gifts exceeding £40.00 the gift should be either refused or donated to some charitable purpose.

Hospitality should only be accepted where there is a direct link to working arrangements and a genuine business reason can be demonstrated. For example it is acceptable to receive hospitality when attending a conference or training day or supporting other official school business.

Academy staff should be mindful that all gifts and hospitality offered by the Academy are sourced from public funding and the expectation is that such funding will be used for legitimate purposes and demonstrate value for money.

In exceptional circumstance it may be appropriate for the Academy to provide a modest gift or hospitality to employees up to the value of £40.00, such as a bouquet of flowers to a seriously ill employee or to a longstanding employee who is retiring.

The Academy may also provide staff hospitality to support training days, or late night working.

Governors Business Committee will review the Gift and Hospitality Register annually.

Staff who fail to declare hospitality and gifts in accordance with this policy may be subject to action under the Academy's disciplinary policy.

APPENDIX A

Charging students for activities at the academy

Education in School Hours

The basic principle is that education provided wholly or mainly during school hours should be free of charge.

The 1988 Education Act established that activities offered wholly or mainly during normal teaching time should be available to all students regardless of their parents' ability or willingness to help meet the cost.

Schools and academies have the **discretion** to charge for optional activities provided wholly or mainly out of school hours and have the right to invite voluntary contributions for the benefit of the school, or in support of any activity organised by the school, whether during or outside school hours.

The Governing Body recognises the valuable contribution which the wide range of additional activities, including clubs, trips and residential experiences can make towards pupils' personal and social education. The Governing Body aims to promote and provide such activities both as part of a broad and balanced curriculum for the pupils of the school and as additional optional activities.

Charges

The Governing Body reserves the right to make a charge in certain circumstances for activities organised by the school.

School Journeys

The Governors will pass on the cost for the board and lodging element of any residential activities deemed to take place within school hours: eg field study visits and foreign visits which take place wholly or mainly during school time.

The Governors will pass on the full cost to each pupil of any activities deemed to be optional extras taking place outside school hours: eg skating trips and foreign study visits which take place wholly or mainly outside school time.

Individual Instrumental Tuition

The Governors will make a charge for providing individual instrumental tuition.

Materials and Ingredients

Although the school will provide a large range of consumables, where these form part of the curriculum, there are instances where the Governing Body will charge for ingredients and materials or require them to be provided. If the parent has indicated **in advance** a wish to own the finished product, then either a charge will be made, or the parents will be expected to provide the raw materials or ingredients.

All text books will be provided by the school. Revision books may be recommended by the school and are sold at competitive prices. Copies are always available in the school library so that no pupil will be disadvantaged.

If homework is set from a revision book which not all pupils own, photocopies will be provided up to the limits imposed by copyright law. There is also a fund to support the purchase of books/resources for disadvantaged pupils.

Examination Fees

If a pupil fails without good reason to complete the examination requirements for any public examination for which the school has paid (or is liable to pay) an entry fee, then the Governing Body may recover the fee from the parent.

Where a pupil has not been prepared for a prescribed public examination by the school, the Governing Body may make a charge for the cost of entering the pupil for the examination, as they can for entries to non-prescribed examinations whether or not prepared by the school.

Breakages and Damage to Property

The Governors reserve the right to charge parents for the full amount of any damage caused to school property or the property of others, if that damage has been caused deliberately or as a result of misbehaviour.

General

The Governing Body may, from time to time, amend the categories of activity for which a charge may be made. The Governing Body may invite parents to make voluntary contributions towards the cost of providing educational activities not specified above.

Remissions

The Governing Body may decide, as part of its budget setting, to allocate money to a fund to support students whose parents struggle to meet any of the costs outlined above.

The fund will be managed by the Assistant Principal (Business) who will allocate remission of charges using the following criteria:

- 1) Is the student in receipt of Free School Meals?
- 2) Is the activity an essential part of the curriculum?
- 3) Is the individual students charge remission under £100 for the academic year as a whole?

If the answer to both 1) and 2) is YES then up to 100% remission of the charge can be given.

If the answer is YES to 1) and 3) and NO to 2) then up to 50% remission of the charge can be given, but the total remission in this case will not normally exceed £100.

If the answer is Yes to 1) and NO to 2) and 3) then, in the interests of fairness, it is unlikely further fee remission would be possible in that academic year.

Exceptionally, students not in receipt of Free School Meals who are experiencing hardship may be granted remission but this would not normally exceed 30% of the charge or a total remission of £50.

This policy is reviewed annually by the Business Committee as part of its review of the Academy Finance Manual.

VAT

The hire of the school hall is not subject to VAT unless the hall is being hired with facilities such as the kitchen for catering and bar for a private function. If the school hall is adapted for sports use ie with the setting up of nets etc then it is treated as a sports hall.

The hire of the sports hall is subject to VAT unless it is part of a regular series of lettings of ten or more sessions of the same activity in the same place with an interval between sessions of not less than 1 day and no more than 14 days, or is for a continuous period exceeding 24 hours. All bookings in a series must be paid for, with no refund being made for any sessions missed by the hirer. If the hall is unavailable through unforeseen circumstances and the school has to cancel the letting, then a refund can be made.

APPENDIX C

WESTFIELD ACADEMY USER AGREEMENT

Agreement between Westfield Academy and _____ (the Hirer)

1. DEFINITIONS

In this agreement:

- 1.1 “the establishment” means the academy premises;
- 1.2 “the Hirer” has the meaning defined at paragraphs 3.2 and 3.3 below;

3. CONDITIONS OF HIRE

- 3.1 All applications for the hire of the facilities must be in writing on the printed form.
- 3.2 The person signing the application form shall be deemed to be the Hirer and must be over 18 years of age.
- 3.3 Where the Hirer indicates that he or she signs the application form on behalf of any club or Organisation, that club or organisation shall also be deemed to be the Hirer and shall be jointly and severally liable with the applicant for any breach or non-observance of these conditions. Should there be any default of payment by that club, the person signing the form shall be deemed personally liable.
- 3.4 Where the activity involves young people below the age of 18, or vulnerable adults it is a condition of hire that supervising staff have a valid DBS check and that the Hirer has an appropriate Child Protection Policy.
- 3.5 The facilities will be used solely for the event described on the application form. If this booking relates to a regular and continuing booking this one undertaking shall be binding for all occasions when the facilities are used.
- 3.6 The Principal, or his/her representative, may refuse admission to any person without giving any reason for doing so and may similarly require any person to leave the premises.
- 3.7 The Hirer will be responsible for the provision of all such information, instruction and Supervision, including first aid provision, as is necessary to ensure the safety of any activity for which the facilities are used.
- 3.8 The behaviour of all persons attending at the establishment for this booking is the responsibility of the Hirer, and they must ensure compliance with the Rules and Regulations in Annex 1.

- 3.9 The responsible body shall NOT be liable for any loss or damage to any property arising out of the hire, nor any loss, damage or injury which may be incurred by or be done or happen to any person or persons using the centre during the hiring, arising from any cause other than the negligence of the responsible body, its servant or agent.
- 3.10 The Hirer shall be responsible for all damage or loss to any fixtures, fittings, sports or other equipment or property occurring during the period of the hiring however and by whomsoever caused, together with any additional expenses and/or consequential losses arising from the damage or loss.
- 3.11 The responsible body will provide the Hirer with information relating to emergency procedures, (Annex 1) and it is the Hirer's responsibility to familiarise themselves with these and act appropriately.
- 3.12 The facilities must be left clean and tidy and all equipment must be put back after use. If the facilities are not cleaned to the reasonable satisfaction of the caretaker the Hirer will be responsible for any payment necessary to have them cleaned and this sum will be added to the hire charge.
- 3.13 The Hirer is responsible for ensuring a qualified supervisor is present, and that appropriate risk assessments have been completed during all activities of a hazardous nature, including but not exclusively karate, trampoline, gymnastics, judo or where the hiring organisation is a youth group.
- 3.14 The Hirer is solely responsible for the adequacy, suitability and safety of all equipment brought on to the facilities, and not owned by the Academy.
- 3.15 It is the sole responsibility of the Hirer to obtain any necessary licence for the sale of alcoholic drinks for the performance of plays and similar productions and for the playing of pre-recorded music.
- 3.16 The Hirer must ensure that there are sufficient stewards to prevent unauthorised persons from entering the facilities and to ensure that guests are restricted to the facilities and to the necessary means of access thereto.
- 3.17 If the responsible body cancels a hire event the hirer will receive a refund of the hire charge, but the responsible body shall not be liable for any consequential loss that the hirer may sustain.
- 3.18 The responsible body reserves the right to vary these conditions at any time without notice or to make special arrangements in any particular case.
- 3.19 Authority to accept or decline or postpone a booking shall rest with the Principal of the establishment or his/her representative whose decision shall be final.
- 3.20 The responsible body will provide a member of Academy staff to be present at the start and end of the hire period. The responsible body cannot guarantee a member of staff will be on site throughout the hire.

APPENDIX D

WESTFIELD ACADEMY

INVESTMENT POLICY

PRINCIPLES

The academy aims to manage its cash balances to provide for the day-to-day working capital requirements of its operations, whilst protecting the real long-term value of any surplus cash balances against inflation. In addition, the academy aims to invest surplus cash funds to optimise returns, but ensuring the investment instruments are such that there is no risk to the loss of these cash funds.

PURPOSES

- To ensure adequate cash balances are maintained in the current account to cover day-to-day working capital requirements
- To ensure there is no risk of loss in the capital value of any cash funds invested
- To protect the capital value of any invested funds against inflation
- To optimise returns on invested funds

GUIDELINES

Regular cash flows are to be prepared and monitored to ensure there are adequate liquid funds to meet all payroll related commitments and outstanding supply creditors that are due for payment.

Where the cash flow identifies a base level of cash funds that will be surplus to requirements these may be invested only in the following interest bearing deposit accounts with any of the following banks only:

- o Lloyds TSB
- o Barclays
- o RBS
- o HSBC

Any deposit will not normally tie up money for a longer period than 3 months, without the express authorisation of the Business Committee.

Periodically the Business Manager will review the interest rates being achieved and will compare with other investment opportunities that comply with the parameters of this policy.

REVIEW AND MONITORING

This policy was agreed in June 2012 and will be reviewed every three years. Implementation of the policy will be reviewed by the Business Committee.

Appendix E: Westfield Academy Expenses Policy

Introduction

The Academy will, from time to time, require employees to travel on business and to temporarily stay away from home in the course of their work. The aim of this policy is to provide guidance on the appropriate travel and

accommodation arrangements.

The objectives of the policy are:-

- To secure best value for money public transport and hotel rates
- To provide reasonable standards of comfort, convenience and safety for employees who are required to travel on Academy business.

This policy covers:-

- Business travel by public transport including taxis
- Temporary accommodation, hotel expenses, that are a result of work requirements
- Business mileage
- Car parking

Responsibilities

The Governors Finance Committee is responsible for the content and monitoring of this policy, and reserves the right to alter the content to meet the needs of the Academy. The Chair of Governors is responsible for authorising the expenses claims of the Principal.

The Principal is responsible for ensuring employees have access to this policy, including new staff.

The Assistant Principal (Business) is responsible for the correct implementation of the policy and for the final authorisation of payment of expenses.

The Employee is responsible for ensuring any expenses incurred are authorised by the appropriate budget holder, and that all expenses are incurred in line with this policy.

Principles

The lowest cost option must always be chosen provided this is consistent with the required convenience and speed of travel. It is recognised that some travel may involve long journeys and 'unsociable' hours. The overriding principle of this policy is to fulfil the business requirement of the journey in a way that minimises the inconvenience to the employee.

All public travel, and accommodation must be booked via the Finance Department where at all possible. They will be booked using the Academy credit card. When it is not possible to book using the Academy credit card and payment is made by the member of staff, then a reimbursement will be made when a proof of purchase is provided and an expenses claim form is completed.

All public transport, mileage, and accommodation must be authorised by the appropriate line manager. Where this is related to professional development it must be approved by the Assistant Principal responsible for the CPD budget.

When it is necessary to stay overnight the Academy will reimburse reasonable hotel expenses. All bookings must be made via the Finance Department. Where conference booking does not include the cost of hotel accommodation the maximum hotel rate per night reimbursed, inclusive of VAT and breakfast will be £100 (London) or £75 (all other locations).

All hotel bills should be paid using a personal credit/debit card and an appropriate VAT receipt obtained. Expenses will be reimbursed following submission of Expenses Claim Form with appropriate receipts.

All rail travel will be at standard class. Tickets should be booked well in advance (at least three weeks where possible) via the Finance Office.

When travel involves an overnight stay, the cost of an evening meal can be claimed up to maximum value of £15. When the duration of travel is longer than 5 hours, the cost of lunch up to a maximum value of £7 can be claimed. Receipts must be obtained for all meals and attached to Expenses Claim Form.

Where an employee uses their own car for travel, business mileage may be claimed at the rate of 0.23p per mile. Related expenses such as car parking charges and toll road charges will be reimbursed on production of receipts.

The Academy will not reimburse:-

- The cost of any alcoholic beverages
- Cost of family member travelling with an Academy employee
- Fines for traffic offences
- Personal travel insurance or insurance on personal property
- Items for personal use
- Loss of personal property, cash advances, tickets

In exceptional circumstances, and with agreement in advance, the Academy may reimburse legitimate expenses over and above that outlined in this policy. Where the total of these exceptional expenses is greater than £50 approval will be sought from the Finance Committee.

Breaches of the Policy

Where an Employee is found to have breached this policy by deliberately and wilfully falsifying expenses claims the Academy will regard this as a serious disciplinary matter which will be dealt with under the Academy's disciplinary policy.

Monitoring and Review

The Governors Finance Committee will review the content and expenses rates within the policy at least once every two years. The Assistant Principal (Business) will report exceptional expenses claims to the Finance Committee and provide data relating to all expenses claims on request.
